

Clinical Associate Professor, School of Pharmacy, University of Waterloo

The School of Pharmacy in the Faculty of Science at the University of Waterloo invites applications for an individual with strong clinical training and experience for a full-time tenured position in the clinical professorial stream at the Associate Professor level with an anticipated start date of September 1, 2015. The successful candidate must have a PharmD degree from an accredited program of study and be licensed or eligible for licensure with the Ontario College of Pharmacists. Applicants should have a documented record of innovative clinical practice and scholarship as evidenced by publications in peer-reviewed journals, invited presentations to provincial, national or international academic and/or professional organizations, or other measures that attest to the impact of practice innovation. Prior experience teaching pharmacy students at the university level is required and evidence of teaching excellence and innovative curricular development is expected for appointment at the Associate Professor level. Individuals with expertise in a broad range of practice areas will be considered.

The successful candidate will be expected to develop an innovative program of scholarship related to practice innovation and/or clinical research. Teaching in the undergraduate pharmacy program and supervision of graduate students is expected. The candidate must demonstrate the ability to communicate effectively (verbally and in writing) and must be able to work independently and as part of a team. Clinical service in support of research and education activities is expected as is service to the School, university or pharmacy profession. The salary range for this position is \$115,000 to \$145,000 annually.

The University of Waterloo School of Pharmacy is the anchor institution for the University of Waterloo Health Sciences Campus, located approximately 5 km south of the main campus in downtown Kitchener. The Health Sciences Campus is also home to a regional program of McMaster University's Michael G. DeGroote School of Medicine, a teaching clinic for the UW School of Optometry and the Centre for Family Medicine creating unique opportunities for inter-professional education and patient care.

The University of Waterloo is annually ranked as the institution in Canada that is the "most innovative" and the most likely to "produce leaders of tomorrow". It is also well known for attracting entrepreneurial, dynamic faculty. Living in Kitchener/Waterloo, one of Canada's fastest growing communities, means that you are likely to have a very short commute to work, enjoy the best of vibrant city life and scenic country charm, interact with employees from companies such as BlackBerry, Desire2Learn and Google, and benefit from diverse ethnic and cultural activities and recreational facilities and thriving creative clusters. This is the community whose unprecedented civic investment established the School of Pharmacy. Additional information on the School of Pharmacy is available at www.pharmacy.uwaterloo.ca.

The closing date for applications is June 30, 2015. Applicants should forward their curriculum vitae, the names of at least three individuals willing to furnish letters of reference, a one-page statement regarding teaching philosophy, and an outline (1 – 2 pages) of the proposed scholarly activity to:

Professor David Edwards, Hallman Director
School of Pharmacy, University of Waterloo
200 University Avenue West
Waterloo, ON N2L 3G1

Please submit your completed application electronically to pharmjob@uwaterloo.ca.

The University of Waterloo respects, appreciates and encourages diversity. We welcome applications from all qualified individuals including women, members of visible minorities, Aboriginal peoples and persons with disabilities. All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.
