# CPERC 2021

Canadian Pharmacy Education and Research Conference

---

**Association of Faculties of Pharmacy of Canada**  
**CPERC 2021 Virtual Conference**

**June 1-17**

**Preliminary Program**

## CPERC 2021 WEEK 1: June 1-4

### Equity-Diversity-Inclusion and Anti-Racism

**Tuesday, June 1: 1200-1345 h EDT**

One of the strategic goals in AFPC's Strategic Plan 2020-2025 is "To champion culturally safe, diverse and accessible pharmacy education for all". Over the course of 2020, anti-black violence and Black Lives Matter protests focused our attention on racism embedded within the fabric of our society. We recognize that systemic barriers exist within universities. These need to be addressed through education, policy, curricular innovation, research and advocacy for equity, diversity and inclusiveness (EDI).

This session will include cross-country updates on what pharmacy schools are doing to ensure that their environments are diverse, inclusive, culturally safe and foster equity. AFPC's initiatives to support faculties' EDI and anti-racism efforts will be highlighted.

### AFPC Special Interest Group Session: Skills Lab SIG and PEP-C Experiential Education SIG

**Wednesday, June 2: 1300-1445 h EDT**

Use of virtual interactive cases (VIC) in a third-year pharmacy skills lab for discharge medication reconciliation

*Karen Cameron, University of Toronto*

Clinical decision-making: What can we learn from indecisive students?

*Theresa Charrois, University of Alberta*

"Good job!" Feedback training for simulation lab instructors

*Debbie Kwan, University of Toronto*

Developing a novel interprofessional collaborative practicum

*Jason Min, University of British Columbia*

International partnership on experiential education: A Toronto experience

*Certina Ho, University of Toronto*

### Faculty Updates on Innovation in Pharmacy Education

**Thursday, June 3: 1400-1530 h EDT**

Faculty members from across Canada will provide 7-minute updates on an innovative initiative at their university, followed by a Q&A session (*topics / speakers to be confirmed*)

### Mini Sessions #1

**Friday, June 4: 1100-1230 h EDT**

Learning to give the best of you, instead of what's left of you: An active learning activity on healthcare provider burnout for pharmacy students

*Heidi Fernandes, University of Waterloo*

Understanding how failure is productive

*Naomi Steenhof, University of Toronto*

Helping pharmacy students use social media platforms professionally: The Pharmacy Digital Tattoo Project

*Patricia Gerber, University of British Columbia*

Lessons learned from implementation of an online social learning platform in pharmacy experiential education

*Maria Zhang, University of Toronto*

## CPERC 2021 WEEK 2: June 7-11

### Indigenous Initiatives across Canada's Schools of Pharmacy: Practical Tips to Aid Implementation – hosted by AFPC Truth & Reconciliation SIG

**Monday, June 7: 1300-1445 h EDT**

The ten pharmacy faculties will each provide a 5-minute update on how their program is addressing Indigenization, sharing lessons learned and providing practical tips for moving forward. Presentations will be on a range of topics (e.g., partnerships, curriculum, recruitment, support for Indigenous students). Following the updates, Larry Leung will present on popular UBC student activities to support Indigenous health content. Before closing there will be time for Q&A and sharing.

### Program Evaluation Symposium • Colloque sur l'évaluation des programmes

**Nurturing a Quality Culture in Pharmacy Education – Moving Beyond Accreditation • Instaurer une culture de qualité et de l'amélioration continue dans les programmes d'études en pharmacie – aller au-delà de l'accréditation**

*Hosted by / hébergé par : Université Laval – Université de Montréal*

**Wednesday, June 9: 1200-1630 h EDT**

Part 1: Setting the Table: Introductions & Keynote Speaker

*Danielle Blouin, Queen's University*

Part 2: Faculty Updates on Program Evaluation

Part 3: CCAPP Presentation and Virtual Round Tables

*David Edwards, University of Waterloo, CCAPP President*

Part 4: Plenary Session & Closing Remarks

### Mini Sessions #2

**Thursday, June 10: 1100-1230 h EDT**

Training for collaborative care: What are team expectations of pharmacy students?

*Kerry Wilbur, University of British Columbia*

Creation of a practice-based network to support emergent pharmacy practice in Quebec Family Medicine groups

*Marie-Claude Vanier, Université de Montréal*

Interprofessional case management: Pharmacy and nursing students learning together

*Brett Barrett, University of Waterloo & Jennifer Mohaupt, McMaster University*

Interprofessional education in the PharmD program: Perspectives and lessons learned from UBC

*Larry Leung, University of British Columbia*

## CPERC 2021 WEEK 3: June 14-17

### Mini Sessions #3

**Monday, June 14: 1200-1330 h EDT**

Beyond stand and deliver: A critique of pharmacy education

*Mike Chong, Memorial University*

Humanizing patient case scenarios using the humanities

*Marion Pearson, University of British Columbia*

Integrating public's views, experiences and expectations of community pharmacy services into pharmacy education

*Terri Schindel, University of Alberta*

The implementation and benefits of a faculty policy and procedure for extracurricular outreach activities in pharmacy

*Gilly Lau, University of British Columbia & Paulo Tchen, University of British Columbia*

### AFPC – UBC Academic Electronic Health Record (aEHR) Project

**Tuesday, June 15: 1400-1530 h EDT**

This session will provide an overview of the project (background, needs assessment, working groups), followed by a demonstration of the AFPC-UBC aEHR. Results of pilots at four universities will be highlighted (British Columbia, Waterloo, Alberta, Toronto), closing with next steps.

### AFPC Special Interest Group Session: Medicinal Chemistry SIG

**Wednesday, June 16: 1300-1400 h EDT**

Covid Crusaders: Teaching medicinal chemistry during the pandemic

### AFPC Special Interest Group Session: Educational Assessment SIG

**Thursday, June 17: 1100-1230 h EDT**

A Review of PharmD admissions processes: Current practices and considerations for improvements

*Robert Renaud, University of British Columbia*

Assessment of practice readiness: Measures and processes in the entry-to-practice Doctor of Pharmacy programs in Canada

*George Pachev, University of British Columbia*

Using automatic item generation methodology to create multiple-choice questions appropriate for entry to pharmacy practice assessment

*Tara Leslie, University of Alberta*

Employing an integrated approach to determining student progress in the entry-to-practice Doctor of Pharmacy program at UBC

*Ingrid Price, University of British Columbia*
